Introduction  1

PART ONE  DECISION: MASTECTOMY

CHAPTER 1. Why Mastectomy?  7
  Inside the Breast  8
  Surgical Treatments  10
  Male Mastectomy  13
  Do You Really Need a Mastectomy?  14

CHAPTER 2. Mastectomy without Reconstruction  17
  What to Expect  18
  The Prosthesis Alternative  19
  Paying for Mastectomy and Prostheses  22

CHAPTER 3. Breast Reconstruction Basics  24
  Sorting through the Options  25
  Timing Your Reconstruction  28
  Health Matters  31
  Coordinating Reconstruction with Treatment  34

CHAPTER 4. How Mastectomy Affects Reconstruction  39
  Mastectomy Cause and Effect  39
  Skin-Sparing Procedures  42
  Saving Your Nipple and Areola  43
CHAPTER 5. Considering Prophylactic Mastectomy  48
    Should You Have Genetic Testing?  49
    How Real Is Your Risk?  49
    Preventive Surgeries That Reduce Your Risk  51
    Paying for Preventive High-Risk Services  54

PART TWO • RECONSTRUCTIVE PROCEDURES

CHAPTER 6. Breast Implants  57
    Implants Inside and Out  57
    Are They Safe?  61
    Tissue Expander-to-Implant Reconstruction  62
    Direct-to-Implant Reconstruction  64
    Recovery  66
    Potential Problems  68

CHAPTER 7. The Expander Experience  74
    Getting Your Fill  74
    Minimizing Your Discomfort  76
    Living in Limbo  78
    Exchange Surgery  79
    Potential Problems  80

CHAPTER 8. Tummy Tuck Flaps  82
    Tissue Flap Basics  82
    Borrowing from the Abdomen  85
    TRAM Flap Procedures  86
    DIEP and SIEA Flaps  90
    Potential Problems  95

CHAPTER 9. Other Flap Methods  97
    Flaps from the Back  97
    Flaps from the Buttocks  101
    Flaps from the Hips  104
    Flaps from the Thighs  105
CHAPTER 10. Fixes with Fat  109
    How It's Done  111
    Is It Safe?  113
    BRAVA+AFT  115

CHAPTER 11. Altering the Opposite Breast  117
    Breast Augmentation  118
    Breast Reduction  121
    Breast Lift  123

CHAPTER 12. Final Touches: Creating Your Nipple and Areola  127
    Icing on the Cake  127
    Building the Nipple  129
    A Colorful Finish  131
    Problems and Solutions  133
    Non-surgical Alternatives  134

PART THREE  PREP, POST-OP, RECOVERY, AND BEYOND

CHAPTER 13. Preparing for Your Surgery  139
    Countdown: Four Weeks to Surgery  139
    Two Weeks before Surgery  141
    One Week to Go  143
    The Day before Surgery  146
    It’s Reconstruction Day  148

CHAPTER 14. What to Expect in the Hospital  149
    Admitting and Pre-op  149
    Showtime in the OR  150
    A Peek into Post-op  151
    Your First Day after Surgery  153
    The Rest of Your Hospital Stay  154

CHAPTER 15. Back Home  156
    A Timetable for Healing  156
    Managing Medication  161
    Dealing with Drains  162
Tips for an Easier Recovery  165
Seeing Your New Breasts for the First Time  168

CHAPTER 16. Dealing with Problems  170
Inherent Surgical Risks  170
Lingering Pain  174
Lymphedema  175
Cosmetic Do-Overs  177
Improving Scars  179

CHAPTER 17. Life after Reconstruction  183
Adjusting to the New You  183
Back to Work  187
Dating, Intimacy, and Sex  187
Surveillance after Mastectomy  190

PART FOUR • FINDING ANSWERS, MAKING DECISIONS

CHAPTER 18. Searching for Dr. Right  195
Shopping for a Surgeon  195
Five Characteristics of an Ideal Plastic Surgeon  196
Your Pre-appointment Footwork  198
Making the Most of Your Consultation  200
The Value of a Second (or Third) Opinion  202
Tips for Travelers  203

CHAPTER 19. Paying for Your Reconstruction  205
Are You Covered?  207
Appealing When the Answer Is No  209
When All Else Fails  214
Other Types of Insurance  216

CHAPTER 20. Making Difficult Decisions  218
Ten Steps in the Right Direction  218
Other Sources of Information and Inspiration  223
Contents

CHAPTER 21. Information for Family and Friends  225
   Hints for Family Members  225
   Food for Thought for Partners and Spouses  226
   Issues for Caregivers  228
   Dos and Don’ts for Friends  229

Notes  233
Glossary  239
Resources  247
